## Earn and Use Rewards with *my*healthpays<sup>®</sup>

Your health insurance gives you important benefits. But did you know you can also earn rewards?

With the My Health Pays<sup>®</sup> rewards program, earning rewards is easy. You just complete healthy activities such as your yearly wellness exam, getting a flu shot or other annual screenings to protect your health.

When you complete a healthy activity, you'll earn dollar rewards. You can use them on things like:

- Everyday items at Walmart<sup>®</sup>
- Utilities
- Transportation
- Telecommunications
- Childcare Services
- Education
- Rent

Here are ways to earn My Health Pays rewards:

**\$25** - Annual Breast Cancer Screening.  
Age 50-74. One per calendar year.

**\$25** - Annual Colorectal Screening.  
Age 51-75. One per calendar year.

**\$25** - Annual Cervical Cancer Screening.  
Age 21-64. One per calendar year.

Your My Health Pays reward dollars are added to your rewards card after we process the claim for each activity you complete. If you are earning your first reward, your My Health Pays<sup>™</sup> Visa<sup>®</sup> Prepaid Card will be mailed to you.

This My Health Pays Rewards Visa Prepaid card is issued by The Bancorp Bank pursuant to a license from Visa U.S.A. Inc. The Bancorp Bank; Member FDIC. Card cannot be used everywhere Visa debit cards are accepted.

youBreathe Easy: Five Tips to  
Help You Control Your Asthma

Experience a breath of relief. Manage your asthma with these five steps.

- 1 Create an Action Plan.** Be prepared if your asthma gets worse. Make a plan with your Primary Care Provider (PCP). Learn the best way to take your medicine, how to avoid triggers and when to get help. If you have an attack, look back at your plan to understand what made your symptoms worse.
- 2 Tame Your Triggers.** These are different for everyone. They include mold, pet dander and household cleaners. Write down how shifts in weather affect you. This will help you remember which seasons irritate your asthma the most. You can then limit outdoor activities during these seasons in the future.
- 3 Keep Moving.** Physical activity can make lungs stronger and lower the risk of an attack. It can also make your quality of life better. Do warm-up exercises before going harder. If it's cold, wear a face mask to warm the air you breathe in. In extreme temperatures, choose an indoor activity instead. As with any exercise program, check with your PCP before starting.
- 4 Manage Medications.** People react to medications differently. You may need to try a few types to find what works best for your asthma. The sooner you treat symptoms, the less severe they will be and the less medication you'll need.
- 5 Breathe Better.** Watch for signs like wheezing or shortness of breath. These could mean you are about to have an attack. If you experience symptoms, breathing exercises can help you remain calm and in control. Talk with your PCP or look into our Asthma Care Management program to learn more.

## Allergies are Nothing to Sneeze At

Watery, itchy eyes. Sneezing fits. If you have allergies, you know how miserable this time of year can be. There are things you can do that can make you feel better this allergy season.

Allergy testing lets your doctor know what you're allergic to. That way a plan can be made to help you deal with allergies. Getting tested is a good first step to finding relief.

Additionally, what time you are outside and the weather can have a big effect on your allergies. Pollen levels are higher in the morning. So plan to be outdoors later in the day if possible. And if it's dry and windy, it is better to limit the amount of time you spend outside.

You can also learn about the amount of pollen in your area. Watch the local TV news during the weather report. Visit weather websites. There are also emails and other ways to check pollen near you.

Open windows expose you to pollen and other allergens. Use your air conditioner when at home or riding in a car. Check and change your air filters to improve air quality. And keep your carpets and floors clean and dust-free.

Lastly, watch what you eat. Foods like sugar, wheat and dairy can make allergies worse. If you get symptoms like nausea, headache, dizziness, an itchy throat or wheezing, take note and avoid that food in the future. Don't forget to drink plenty of water to flush and hydrate your system.

# Color Your Way to Relaxation

You don't have to be a kid to enjoy the benefits of coloring. Recent studies have found that adults can use coloring to help with stress. It's like meditating. You switch your thoughts to coloring instead of worrying. Take a few minutes and relax with this coloring page.

## How to Eat Healthy and Shop Smart on a Budget

Healthy eating doesn't have to come with a high price tag. Check out these ideas for nutritious budget meals.

Choose wisely by selecting in-season and frozen fruits and vegetables. Check for price-per-pound deals on meat; consider buying larger portions and freezing what you don't use. Ask the butcher for lean and inexpensive cuts. Beans are also an easy and affordable source of protein.

Discount grocers and farmers' markets offer healthy options at lower costs than other stores. Many of the same products are carried in sister stores with different brand names.

Make a shopping list to cut down on impulse buys. Check the weekly advertisements of the grocers in your area to find the best deals on healthy options. Cut out or print coupons. Many grocers now have their own apps that let you make a shopping list.

Then you can "clip" electronic coupons and view their advertised sales.

Cook once, eat twice. For example, whole chickens are usually a cheaper protein source that can extend into multiple meals.

Going in with a friend or family member to purchase bulk items helps keep your spending and food waste down. Freeze individual packs of food in freezer-safe storage bags for fast and easy food prep later.

## Get Free Help This Tax Season

Tax time can be confusing. You have many options for help with filling out your tax return and getting filed on time. Best of all, these options are free to use.

### Volunteer Income Tax Assistance (VITA)

The Internal Revenue Service (IRS) offers a free program for people who need help filling out their tax documents. Volunteers are trained and ready to work with you throughout the tax season.

### Tax Counseling for the Elderly (TCE)

If you are 60 years and older, the IRS provides free assistance with its TCE program. IRS-certified volunteers can help with tax questions about pensions and retirement.

VITA and TCE sites are close to where you live. You can find them nationwide at places like community centers, libraries and schools.

Visit <https://irs.treasury.gov/freetaxprep/> to find a VITA or TCE site. Or, call 1-800-906-9887. Before you go, make sure you have the paperwork you'll need. Find the full list of what to bring at <https://www.irs.gov/individuals/checklist-for-free-tax-return-preparation>.

### IRS Phone Assistance

If you have questions about filling out your return, call the IRS at 1-800-829-1040, TTY/TDD 1-800-829-4059. Representatives are available to help from 7 a.m. to 7 p.m. Your wait time can vary. The IRS estimates it at about 15 minutes.

### MyFreeTaxes

The United Way and H&R Block have teamed up to create MyFreeTaxes. It's a website with 24/7 access to H&R Block expert software. Plus, you can use this free service to electronically file your state and federal taxes. The software can even check for any tax credits you may have missed. And that is important in helping you get your maximum refund. Visit [myfreetaxes.com](https://myfreetaxes.com) for more information.
